BLURB

The whore cedes to no one. But just this once to the lesser of two threats won't change everythingâ€”right.

She plays an unlikely role when she cedes to his demand of her. Nothing will ever be the same after she cedes to him.

If not the one he loves, the politician will take the next best thing the one opening herself to him. The mirror image.

EXCERPT

"Kiss me." She trembled.

If she didn't want the contact why had she requested it? I halted.

"Are you sure?"

"Yes."

I planted a light peck on her cheek. The way we always did.

"A lover's kiss," she said.

Being referred to as her lover made me hard. I leaned in. "Are you certain?"

"Yes." Her eyes widened, she took hold of my blazer and pulled me closer.

Slowing my movement toward her, I cupped her neck with my fingers, and used my thumb beneath her jaw to angle her head upward. She stared into my eyes, as though attempting to read me. As I lowered my mouth to hers, I wrapped my other arm behind her waist and drew her flush to me.

She gasped.
