Our imaginative hero has his hands full—full of p**sy, that is. Our imaginative hero has his hands full—full of p\*\*sy, that is. The story begins when, he decides he'd like to become skilled on the manual manipulation of women's genitals. Heck, he may even write a how-to book, *How to Masturbate Women & Give Them Mind Blowing Orgasms* or something like that. To that purpose, using the pseudonym Troy, he brazenly places an ad, in the local newspaper, seeking women for his study in the art of female masturbation. After promising absolute anonymity and total control, he waits with crossed fingers for volunteers to take him up on his generous offer of sexual bliss in the name of æscience. Though slow going at first, ultimately our lucky hero is rewarded with a parade of eager beavers, volunteering for his enjoyable services.

This is a tongue-in-cheek commentary on the art of massaging a female's most personal and guarded areas. *100 Women* introduces a procession of horny, kinky, kooky women who come knocking with just one desire: to get his hands into their eager sn\*\*ches. If you thought there was only one way to masturbate a woman, think again. The games these ladies like to play below the equator will blow your mind.
